HOLLAND MEETS POLAND!

Nemo offers Dutch culture at crossroads: meeting Dutch migrant cultures, creating understanding and appreciation for old and new traditions.

Dutch Africans coming to Poland, are inviting the Polish public and foreigners in Poland to join and enjoy Dutch mixed culture.

Nemo is a Dutch/Polish organization settled since 1997 in Nemoland near Kopaniec promoting cultural exchange and understanding for minorities. Nemoland is meant as a free space created by volunteers and participants for creative energy.

Nemo is offering for free the Dutch Days for the 12th time and the Crossroads Festival for the 3rd time to the region of Jelenia Góra: to open borders and explore the energy of crossroads and creative space between countries and cultures.
